

MEGHA JAIN

SENIOR ACCOUNTING ANALYST

Megha Jain is a detail-driven financial analyst who bridges the gap between transactional bookkeeping and strategic CFO insights. As a Senior Accounting Analyst on Gauvreau's CFO Services team, Megha works alongside CFOs to create high-impact reporting tools, cash flow models, and decision-ready dashboards that help business owners understand their numbers and plan for growth.

With dual degrees in Accounting & Finance and Law, Megha brings precision, structure, and a strong analytical lens to every relationship. Her background spans audit, accounting, and tax, making her a well-rounded partner in interpreting financial data and producing actionable insights.

Megha is a go-to expert for budgeting, forecasting, cash flow modeling, and KPI tracking. Known for her organization and resourcefulness, she is adept at translating complex data into clear, business-focused strategies.

Megha also holds advanced certifications in QuickBooks, Excel, and small business finance.

TURNING DATA INTO CLARITY, AND CLARITY INTO ACTION.
